History of hacking and crypto CTF

By Six

Hacker

"A hacker is someone who experiments with the limitations of systems for intellectual curiosity."

~ Bruce Schneier, 2000

Ref.: https://www.schneier.com/blog/archives/2006/09/what_is_a_hacke.html

Hacker origins

*The modern term from MIT Railroad Club...
...but the source is a natural pattern of existence and becoming.*

Ref.: <http://catb.org/esr/writings/hacker-history/hacker-history-3.html>

We play games

We hack stuff.

We have fun.

We hack also each other and each other's stuff.

We explore the World.

We do CTF.

CTF

THE PAST

CTF

STILL THE PAST

CTF

PRESENT

Value of hacking and CTF

INVENTION

Most advanced
technology by creative
engineering.
Also: hackathons.

SECURITY

- Security tools
- Penetration testing
- Code Audits

COMMUNITY

Contacts to an
awesome community
engaging in ethical
crypto hacking

The Cryptocurrency Phenomenon

PRE-BITCOIN

1996 - Smart contract
1998 - BitGold

BITCOIN

2008 - Whitepaper
2009 Jan. 3. - Live

PRESENT

Bitcoin
2013 - Ethereum
2017 - Polkadot
